

Portfolio-Wide Food Waste Program Diverts Organics and Reduces Emissions

VORNADO
REALTY TRUST

Vornado Realty Trust adopts organics collection in 100% of in-service office portfolio to achieve a nearly 65% diversion rate that kept over 1,600 tons of food waste from disposal and avoided over 14 MTCO₂e.

- ▶ Created centralized program including training for building managers, janitorial staff and tenants
- ▶ Removed financial and operational obstacles for tenants to compost
- ▶ Implemented multi-pronged marketing and educational campaign to drive tenant participation in best practices towards zero waste
