Notes

- Of the 20 counties with the highest percentage of Dutch speakers, four are found in Indiana, while Iowa, Wisconsin and Ohio are home to three apiece.
- LaGrange County, Ind. and Holmes County, Ohio each had more than four times the percentage of Dutch speakers of any other county in the United States.
- Los Angeles County, Calif. has more than double the number of Dutch speakers of any other county in the nation.
- Dutch is the eighth most common language spoken in Indiana and the 11th most common language spoken in Vermont.
- Dutch is the third most common language spoken at home in 19 counties spread across 11 states.
- In the United States, 1 of every 1,744 people age five and older speaks Dutch at home. In Indiana, this figure is 1 in 738 people, while in Utah, 1 in 913 residents is a Dutch speaker.
- Within the counties, LaGrange County, Ind. has the greatest rate of Dutch speakers (1 in every 11.9 residents), followed by Holmes County, Ohio (1 in every 14.2 residents) and Scotland County, Mo. (1 in every 58 residents).

Rankings

Indicates the number of divisions where this language was recorded, as well as the number of divisions where the language ranked as one of the most common languages in a given state/county.
