ANNEX IX TO THIS AGREEMENT

Chapter 15 (Transport) of Title IV

1. The Parties have decided to cooperate on the development of the strategic transport network for the territory of the Republic of Moldova. The indicative map of the strategic transport network proposed by the Republic of Moldova is included in this Annex (see point 6 of this Annex).
2. In this context, the Parties recognise the importance of implementation of the main priority measures of the Moldovan transport infrastructure investment strategy, aimed at rehabilitating and extending the internationally important rail and road links crossing the territory of the Republic of Moldova, starting with National roads M3 Chisinau – Giurgiulesti and M14 Brest – Briceni – Tiraspol – Odessa, as well as at upgrading and modernizing the rail connections with the neighbouring countries used for international and transit traffic.
3. The Parties recognise the importance of improving transport connections by making them smoother, safer and more reliable. This is to the mutual benefit of the EU and the Republic of Moldova. The Parties will cooperate in order to develop further transport connections in particular through:
 - (a) policy cooperation, improved administrative procedures at the border crossings and removal of bottlenecks in infrastructure;
 - (b) transport cooperation in the framework of the Eastern Partnership;
 - (c) cooperation with International Financial Institutions that can contribute to improved transport;
 - (d) further develop a Moldovan co-ordination mechanism and information system to ensure effectiveness and transparency of infrastructure planning, including traffic management systems, charging and financing;
 - (e) adoption of border crossing facilitation actions in line with the stipulations in Chapter 5 (Customs and Trade Facilitation) of Title V (Trade and Trade Related Matters) of this Agreement that aims to improve the functioning of the transport network in order to increase the fluidity of the transport flows between the Republic of Moldova, regional partners and the EU;
 - (f) exchange of best practice on financing options of projects (both infrastructure and horizontal measures), including public-private partnerships, relevant legislation and user charging;
 - (g) taking into account where relevant the environmental provisions as set out in the Chapter 16 (Environment) of Title IV (Economic and other sector cooperation) of this Agreement in particular the Strategic Impact Assessment, Environmental Impact Assessment, nature-related and air quality-related directives;
 - (h) development of efficient traffic management systems such as European Rail Traffic Management System (ERTMS) at regional level ensuring cost effectiveness, interoperability and high quality.
4. The Parties will cooperate in order to establish the Republic of Moldova's strategic transport network connected to the TEN-T network as well as to networks of the region.

5. The Parties will seek to identify projects of mutual interest located on the strategic transport network of the Republic of Moldova.
6. Map (Map of Strategic transport networks for the territory of the Republic of Moldova).
