We have audited the accompanying consolidated statements of financial position of the World Resources Institute and Subsidiary (the "Institute") as of September 30, 2012 and 2011, and the related consolidated statements of activities and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used, and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Institute as of September 30, 2012 and 2011, and the consolidated changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 4, 2013 on our consideration of the Institute's internal control over financial reporting, and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the Institute's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Schedule of Expenditures of Federal Awards, Schedule of Functional Expenses, Schedules of Indirect Cost Rate Calculations and the Schedule of Fringe Benefit Rate Calculation for the year ended September 30, 2012 required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations are presented for the purpose of additional analysis and are not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

#### NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Organization and Principles of Consolidation

World Resources Institute (the Institute) is an independent research and policy institute founded in 1982 to help governments, environmental and development organizations, and private businesses address a fundamental question as to how societies can meet basic human needs and nurture economic growth without undermining the natural resource base and environmental integrity.

The Institute's work is carried out by an approximately 200-member interdisciplinary staff, strong in sciences, and augmented by a network of advisors, collaborators, international fellows, and cooperating institutes in more than 50 countries. The Institute currently focuses on four goals: (1) Governance & Access, (2) People & Ecosystems, (3) Climate & Energy, and (4) Markets & Enterprise.

The World Resources Institute Fund (WRIF) is a not-for-profit organization created in 1986 as a supporting organization to the Institute, and is included in these consolidated financial statements. Prior to fiscal year 2002, and after 2003, WRIF had no activities. In 2002 and 2003, WRIF activities included the operation of a capital campaign. Such activities have been shifted to the Institute since. WRIF is currently used to handle Lee Schipper Scholarship Fund initiated by the Shell Foundation (see note I). The IRS has classified WRIF as exempt from federal income taxes under Section 501(c)(3) of the IRC. WRIF is an entity described under Section 509(a)(3) of the IRC and, therefore, not a private foundation.

#### Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

### Classification of Net Assets

Activities of the Institute are recorded in the following net asset categories:

Operating—Unrestricted revenues and operating expenses of the Institute. Current investment earnings are available to support current operations.

Designated—Working Capital Reserve—Amounts designated by the Board of Directors of the Institute to be maintained as part of a reserve and used to support certain specific future activities as defined by the Board of Directors.

Designated—Other—Amounts designated by the Board of Directors to be used in a manner similar to an endowment. No amounts have been designated to this category as of September 30, 2012 and 2011.

Temporarily Restricted—Contributions restricted, as to time or purpose, by the donor. When the purpose or time period restriction is met, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions.

Permanently Restricted—Funds that are restricted by donors requiring that the principal be invested in perpetuity. The earnings on these funds are unrestricted and are used for operations in accordance with a spending policy approved by the Board of Directors.

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

#### NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

### Revenue Recognition

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Contributions are reported as increases in the appropriate category of net assets, except for the contributions that impose restrictions that are met in the same fiscal year they are received, which are included in unrestricted revenues.

Income from grants and contracts are currently recorded as unrestricted revenue when the costs are incurred. Amounts received that have not been expended are recorded as deferred revenue. The amount of expenses incurred in excess of funds received is included in grants and contracts receivable.

### Cash and Cash Equivalents

The Institute considers all highly liquid investment instruments purchased with an initial maturity of three months or less to be cash equivalents except for cash and cash equivalents held in investment accounts.

#### Investments

Investments held by the Institute are presented at their fair market value. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on an accrual basis. Gains and losses on investments, realized and unrealized, are included in the statement of activities.

### Furniture, Fixtures and Equipment

Furniture, fixtures, and equipment are recorded at cost. Depreciation is recorded on the straight-line basis over estimated useful lives that range from three to seven years. Leasehold improvements are amortized over the shorter of their useful lives or the lease term. Assets purchased under a capital lease are recorded as an asset and a corresponding obligation at the beginning of the lease term. The recorded amount is equal to the present value of the minimum lease payments. Leased assets are amortized over the shorter of their useful lives or the lease term. When assets are retired or sold, the related cost and accumulated depreciation are removed from the accounts, and any gain or loss arising from such disposition is included in the consolidated statement of activities.

The Institute has capitalized its collections. Collections consist of artwork that is held for public exhibition. Collections purchased are capitalized at cost, collections donated are capitalized at appraised value as of the date of the acceptance of the donation. Collections are not depreciated.

### Costs Subject to Audit

The Institute's costs under its government grants and cooperative agreements are subject to audit by the awarding agencies. Management of the Institute does not believe that the results of such audits would have a material impact on the financial position and operating results of the Institute.

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE A—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

### Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Concentration of Credit Risk

As of September 30, 2012, all interest bearing U.S. deposit accounts maintained by the Institute were insured up to \$250,000 at each financial institution by the Federal Deposit Insurance Corporation. Additionally, all non-interest bearing U.S. deposit accounts were fully insured. This unlimited insurance coverage on non-interest bearing accounts expired on December 31, 2012. Beginning January 1, 2013, non-interest bearing account balances are now aggregated with any interest bearing deposits and are insured, in total, up to a maximum of \$250,000. The Institute's cash balances at times, may exceed federally insured limits. However, the Institute has not experienced any losses within these accounts and therefore believes it is not exposed to any significant credit risk associated with those deposits.

The Institute has cash in foreign accounts totaling \$565,172 and \$179,977 in 2012 and 2011, respectively.

### Income Tax

The Institute is exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. No material taxable unrelated business income was generated and, accordingly, no provision for income taxes has been made in the accompanying consolidated financial statements.

The Institute follows the accounting guidance that creates a single model to address uncertainty in tax positions and clarifies accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in its consolidated financial statements. Under the requirements of this guidance, organizations could now be required to record an obligation as the result of tax positions they have historically taken on various tax exposure items. The Institute is not required to record such an obligation.

### Adoption of New Accounting Standard

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, Fair Value Measurements and Disclosures, that amends Accounting Standards Codification ("ASC") 820 which clarifies existing disclosures and requires new disclosures about fair value measurements. The clarifications and the requirement to disclose the amounts and reasons for significant transfers between Level 1 and Level 2 and significant transfers into and out of Level 3 of the fair value hierarchy are effective for periods beginning after December 15, 2009. The new requirement that purchases, sales, issuances, and settlements be presented gross in the Level 3 reconciliation is effective for fiscal years beginning after December 15, 2010 and for interim periods within those years, with early adoption permitted. The Institute adopted the first part of this ASU effective October 1, 2010. The pending portion of this guidance was adopted on October 1, 2011. Since the new guidance only amends the disclosure requirements, it did not have a material impact on the Institute's financial statements. The additional disclosures required by the guidance are included in Note C – Fair Value.

| Total   | \$<br>4,086,295                                    | \$<br>(589,847)  |

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

#### NOTE C—FAIR VALUE

ASC 820, Fair Value Measurements and Disclosures, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Institute classifies its assets and liabilities into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy.

### **Equity Securities**

Investments in equity securities valued at the quoted prices in an active market are classified within Level 1 of the fair value hierarchy.

### **Debt Securities**

When quoted prices are available in an active market, debt securities are classified within Level 1 of the fair value hierarchy. Quoted prices in inactive markets are classified within Level 2. As of September 30, 2012 and 2011, all debt securities were valued using quoted prices in an active market.

### Alternative Investments

Alternative investments consist of investments in various funds. These investments are aggregated into hedge, equity, fixed income, emerging market and real estate funds based on their underlying investments. The fair value of such investments is determined using the net asset value (NAV) per share as a practical expedient. The investments, which are redeemable at or near year-end at NAV per share, are classified within Level 2 of the fair value hierarchy; otherwise, they are classified within Level 3 of the fair value hierarchy.

The following table summarizes the valuation of financial instruments at fair value on a recurring basis in the Statement of Financial Position at September 30, 2012.

|                            | Level 1          | Level 2            | Level 3       | Total      |
|----------------------------|------------------|--------------------|---------------|------------|
|                            |                  |                    |               |            |
| Money market funds         | \$<br>1,171,876  | \$<br>— \$         | — \$          | 1,171,876  |

#### NOTE C—FAIR VALUE—Continued

The table below presents additional information for the Institute's investments, as of September 30, 2012, whose fair value is estimated using the practical expedient of reported net asset value (NAV). These disclosures are required for all investments that are eligible to be valued using the practical expedient regardless of whether the practical expedient has been applied.

|                          | Fair Value    | Fair Value    | Unfunded    | Expected<br>Liquidation | Redemption     | Redemption      | Redemption<br>Restrictions |

|                          | \$ 22,512,087 | \$ 21,647,558 |             |                         |                |                 |                            |

- (a) This class includes several hedge funds and funds of funds that invest primarily in debt and equity securities. The fair values of the investments have been estimated by using the NAV per share of the funds.
- (b) This class includes investments in funds that invest primarily in international bonds. The fair values of these investments have been estimated using the NAV per share of the funds.
- (c) This class includes investments in funds that invest primarily in equity stock and debt securities in emerging economies. The fair values of the investments have been estimated using the NAV per share of the fund.
- (d) This class includes an investment in an inflation hedge fund whose objective is long-term total return in excess of a customized blended benchmark. The fair value of this investment has been estimated using the NAV per share of the fund.

September 30, 2012 and 2011

### NOTE D—GRANTS, PLEDGES, AND CONTRACTS RECEIVABLE

Grants, pledges and contracts receivable are recorded at their net realizable values. The mix of receivables as of September 30 was as follows:

|                                       | 2012 | 2011 |
|---------------------------------------|------|------|
| TT C                                  | F0/  | 407  |
| U.S. government                       | 5%   | 4%   |
| Foundations                           | 34%  | 10%  |
| Foreign governments                   | 22%  | 37%  |
| International organizations           | 13%  | 4%   |
| Corporations, individuals, and others | 26%  | 45%  |
|                                       | 100% | 100% |

As of September 30 the Institute's receivables were due as follows:

|   | 2012                          | 2011                          |
|---|-------------------------------|-------------------------------|
| Due within one year<br>Due within two to five years                       | \$<br>26,265,553<br>4,422,957 | \$<br>21,771,061<br>3,656,182 |
| Total gross grants, pledges and contracts receivable                      | 30,688,510                    | 25,427,243                    |
| Less: Allowance for doubtful accounts Unamortized discount on receivables | <br>(117,874)<br>(85,118)     | (204,062)<br>(74,003)         |
| Grants, pledges, and contracts receivable, net                            | \$<br>30,485,518              | \$<br>25,149,178              |

Contributions that are to be received over multiple years are discounted to present value using the risk free rate of return, for the year in which the contributions were pledged. Allowance for doubtful accounts is determined based on the average write-offs as a percentage of revenue over the last five years.

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE E—FURNITURE, FIXTURES, LEASES AND EQUIPMENT

Furniture, fixtures, and equipment consist of the following at September 30:

|  | 2012   | 2011   |
|--|--|--|
| Furniture and equipment<br>Leasehold improvements<br>Equipment under capital lease agreements<br>Artwork | \$<br>4,466,551<br>1,188,944<br>108,733<br>8,825 | \$<br>4,053,420<br>1,188,944<br>108,733<br>8,825 |
| Less: accumulated depreciation and amortization  | <br>5,773,053<br>(4,456,056)                     | 5,359,922<br>(3,904,136)                         |
| Furniture, fixtures, and equipment, net  | \$<br>1,316,997                                  | \$<br>1,455,786                                  |

### NOTE F—OBLIGATIONS UNDER CAPITAL LEASES

The Institute is obligated under capital lease agreements for certain copy equipment. The aggregate discounted lease payments are recorded as a liability. Obligations under capital leases and the fair market values of the related leased assets are capitalized and amortized over the related lease periods. Total assets capitalized pursuant to such agreements, and the related accumulated amortization at September 30, were as follows:

|   | 2012                      | 2011 |                     |  |
|---|---------------------------|------|---------------------|--|
| Equipment under capital lease<br>Less: accumulated amortization | \$<br>108,733<br>(92,277) | \$   | 108,733<br>(78,313) |  |
| Equipment under capital lease, net                              | \$<br>16,456              | \$   | 30,420              |  |

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE F—OBLIGATIONS UNDER CAPITAL LEASES—Continued

The future minimum lease payments under the capital lease agreements and the present value of the minimum lease payments and interest are as follows:

| Eptember 30,  |                               |
|---|-------------------------------|
| 2013<br>2014<br>2015  | \$<br>6,928<br>6,928<br>3,494 |
| Total future minimum lease payments<br>Less: amount representing interest | <br>17,350<br>(894)           |
| Present value of minimum lease payments                                   | \$<br>16,456                  |

Interest expense related to the capital leases was \$765 and \$3,300 respectively, for the years ended September 30, 2012 and 2011.

### NOTE G—OFFICE LEASE COMMITMENTS AND RENT ABATEMENT

The Institute has entered into various operating lease agreements. During 2007, the Institute renegotiated and extended its current lease, under an agreement which expires in February 2019. As part of the office building lease, the Institute received two months of free rent. This rent abatement is being amortized on a straight-line basis over the life of the lease as a reduction of rent expense.

Minimum future rental payments under non-cancelable leases are as follows:

| 2013       | \$ 2,691,408 |
|------------|--------------|
| 2014       | 2,749,518    |
| 2015       | 2,700,755    |
| 2016       | 2,761,509    |
| 2017       | 2,823,629    |
| Thereafter | 3,862,639    |

Rental expense for these leases was \$2,704,931 and \$2,590,666 for the years ended September 30, 2012 and 2011, respectively.

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### **NOTE H—DEBT**

The Institute entered into a margin loan of \$2 million secured by its investments in May 2011. This loan was paid off in August, 2012.

On July 2, 2012, the Institute entered into a revolving line-of-credit agreement with Bank of America, N.A. for \$3,000,000 which bears interest at the daily floating London Interbank Offered Rate (LIBOR) plus 1.60%. The agreement expires and is due in full on December 31, 2012. The interest rate on the line-of-credit was 1.81% as of September 30, 2012. There was an outstanding balance of \$2,892,225 as of September 30, 2012. The total outstanding balance was repaid in full in December 2012.

#### NOTE I—FUNDS HELD FOR OTHERS

During 2012, the Shell Foundation provided a grant of \$100,000 to EMBARQ, a WRI program in memory of the late Lee Schipper to establish a scholarship fund. Other smaller donors have also contributed an additional \$1,100 to this effort. As of September 30, 2012, this fund had a balance of \$101,100.

September 30, 2012 and 2011

## NOTE J—TEMPORARILY RESTRICTED NET ASSETS

As of September 30, temporarily restricted net assets are restricted for the following programs:

|   | 2012                   | 2011                   |
|---|------------------------|------------------------|
| Embarq  | \$<br>18,160,475       | \$<br>3,087,497        |
| Climate, energy, and pollution                  | 2,533,703              | 3,087,987              |
| People & Ecosystems Institutions and governance | 5,947,581<br>2,540,759 | 6,492,485<br>2,451,180 |
| Market & Enterprise                             | 1,369,157              | 1,965,056              |
| Special studies                                 | 3,873,025              | 13,514,645             |
| Communication/World Resources Report            | 228,397                | 500,979                |
| Cumulative unappropriated endowment earnings    | <br>1,425,816          |                        |
| Total   | \$<br>36,078,913       | \$<br>31,099,829       |

Net assets released from restrictions by incurring expenses satisfying their restricted purposes during the years ended September 30, are as follows:

|   | 2012  | 2011  |
|---|---|---|
| Embarq Climate, energy, and pollution People & Ecosystems Institutions and governance Market & Enterprise Special studies/Innovation Communication & World Resources Report | \$<br>4,145,471<br>7,277,819<br>2,417,266<br>1,476,751<br>1,524,169<br>6,731<br>423,449 | \$<br>7,538,723<br>2,203,711<br>3,143,890<br>1,895,498<br>661,666<br>300,621<br>389,751 |
| Total   | \$<br>17,271,656  | \$<br>16,133,860  |

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE K—PERMANENTLY RESTRICTED NET ASSETS

In 1987, the MacArthur Foundation gave the Institute a challenge loan of \$12,516,000 with the understanding that it would forgive this loan to the extent that the Institute raised qualifying matching funds under a comprehensive development program. The purpose of the challenge loan was to facilitate the establishment of a permanent endowment for the Institute.

After the Institute successfully met the terms of the loan agreement, an endowment was formally established at the level of \$25 million (cost basis) on January 1, 1991, with earnings on the corpus expendable to support any activities of the Institute. The Institute's Board of Directors adopted a policy statement entitled *Endowment Fund: Purposes, Goals, and Policies*, which establishes spending rules for future withdrawals of earnings to cover portions of the Institute's annual operating budget while protecting the value of the endowment against inflation. Investment earnings from the endowment (net of investment expenses) are recognized as unrestricted designated revenue.

In 2003 and 2007, two individuals contributed \$100,000 and \$250,000 respectively for the purpose of creating endowment funds to enable the Institute to hire interns. Investment earnings from the endowment funds are recognized as unrestricted designated revenue and used to pay for interns.

### Interpretation of Relevant Law

The Management and Board of Directors of the Institute have interpreted Delaware's "Uniform Prudent Management of Institutional Funds Act of 2007" (the Act), absent explicit donor stipulations to the contrary, to require the Institute to act in good faith and with the care that an ordinarily prudent person in a like position would exercise under similar circumstances in making determinations to appropriate or accumulated endowment funds, taking into account both its obligation to preserve the value of the endowment and its obligation to use the endowment to achieve the purposes for which it was donated. The Institute classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment required by the applicable donor gift instrument, if applicable.

### **Endowment Investment Policies**

The Institute's investments are managed in accordance with the Board adopted Investment Policy Statement. The investment strategy of the Institute is to emphasize total return; that is, the aggregate returns from capital appreciation and dividend and interest income.

Specifically, the primary objective in the investment management for Endowment assets shall be:

Long-term growth of capital, emphasizing long-term growth of principal while avoiding excessive risk. Short-term volatility will be tolerated in as much as it is consistent with the volatility of a comparable market index.

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE L—PERMANENTLY RESTRICTED NET ASSETS—Continued

#### Endowment Investment Policies—Continued

The secondary objective in the investment management of Endowment assets shall be:

Preservation of Purchasing Power After Spending - To achieve net returns (after management and custodial fees) in excess of the rate of inflation plus our spending guideline (see below) over the investment horizon in order to preserve purchasing power of Endowment assets. Risk control is an important element in the investment of Endowment assets.

Over the established investment horizon of 10 years or longer, it is the goal of the aggregate Endowment assets to significantly exceed the rate of inflation (as measured by the Consumer Price Index) plus 1.0% over a market cycle.

The investment allocation is shown in Note B.

### **Endowment Spending Policy**

The Board of Directors approves an operating budget and associated endowment draw annually. The Institute spending guideline shall normally be 5% of the trailing 12 quarter average market value of the investments. The Board may approve a deviation from the 5% guideline if deemed prudent.

During 2012 and 2011, respectively, \$1,793,624 and \$2,213,309 of these earnings were transferred from temporarily restricted to unrestricted operating net assets in accordance with the policy statement referred to above.

#### Funds with Deficiencies

From time to time, the fair value of assets associated with the individual donor restricted endowment funds may fall below the level that the donor requires the Institute to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. As of September 30, 2012 and 2011, the Institute had no deficiencies of this nature reported in unrestricted net assets.

September 30, 2012 and 2011

### NOTE M—PERMANENTLY RESTRICTED NET ASSETS—Continued

Endowment Net Asset Composition by Type of Fund as of September 30, 2012:

Notes to Consolidated Financial Statements—Continued

September 30, 2012 and 2011

### NOTE O—SIGNIFICANT CONTRACTS

The Institute was awarded a two-year \$5,600,000 grant on October 1, 2010, by the Netherlands Ministry of Foreign Affairs awarding WRI a core funding grant for the program "Building a Low Carbon and Climate-Resilient Future". WRI has received \$5,600,000 as of September 30, 2012. A total of \$5,599,818 of this grant has been spent as of September 30, 2012.

The Institute was awarded a two-year 14,000,000 SEK grant in fiscal 2010, by the Swedish International Development Cooperation Agency (SIDA) awarding WRI grant support to include poverty alleviation, effective management of natural resources and protection of the environment. WRI has received \$2,936,448 as of September 30, 2012. A total of \$2,935,342 of this grant has been spent as of September 30, 2012.

The Institute was awarded a 4,000,000 Danish Kroner grant in fiscal 2011, by the Danish Ministry of Foreign Affairs awarding WRI a grant that will support the institute's core funding activities. WRI has received \$728,606 as of September 30, 2012. A total of \$557,153 of this grant has been spent as of September 30, 2012.

The Institute initiates and completes a substantial portion of its projects within the Institutions & Governance and People & Ecosystems Programs pursuant to cooperative agreements and contracts from the U.S. Agency for International Development. The revenue pursuant to these cooperative agreements and contracts was \$3,405,958 and \$3,677,655 for the years ended September 30, 2012 and 2011, respectively. Such revenue accounted for approximately 7.56 percent and 7.75 percent of total federal and non-federal grants, contributions, and cooperative agreement revenues during the years ended September 30, 2012 and 2011, respectively.

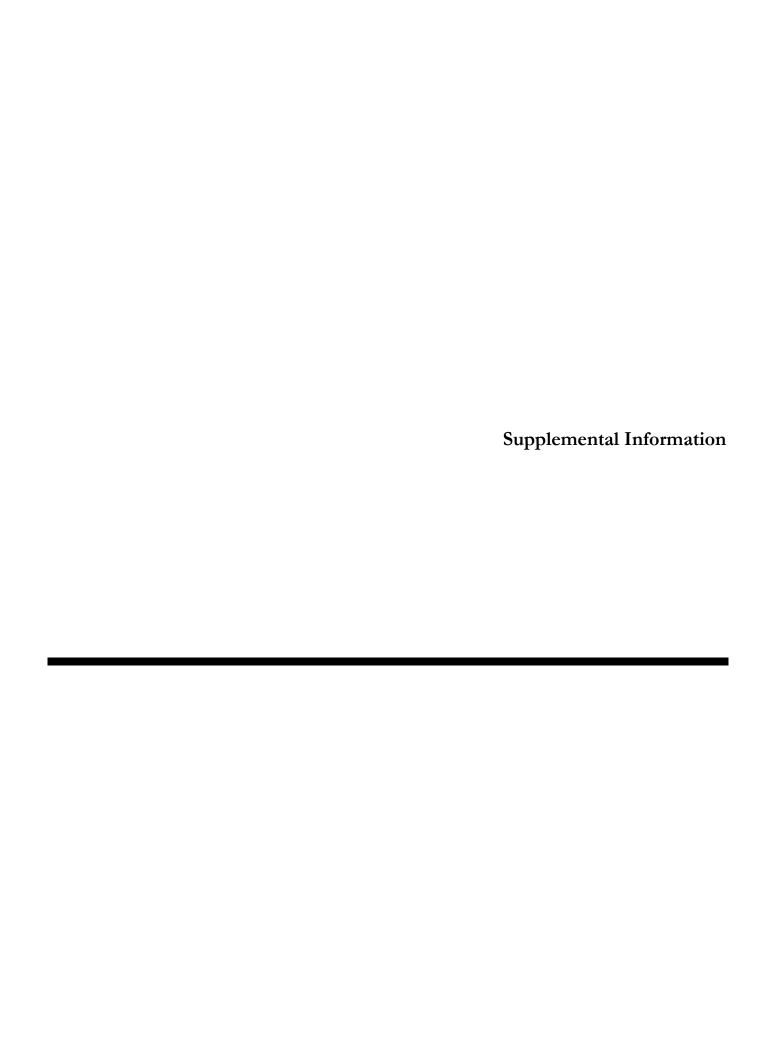

#### NOTE P—EMPLOYEE BENEFITS

The Institute contributes either 5 percent or 8 percent (based on years of service) of eligible employees' annual earnings, as defined in Plan agreements under a defined contribution plan. The amount contributed to the Plan for the years ended September 30, 2012 and 2011, was \$1,040,556 and \$972,496, respectively.

### NOTE Q—SUBSEQUENT EVENTS

The Institute evaluated its September 30, 2012 financial statements for subsequent events through February 4, 2013, the date the financial statements were available to be issued and identified the following event.

The Institute was awarded a two-year grant for \$8,600,000 effective October 1, 2012 through September 30, 2014 by the Netherlands Ministry of Foreign Affairs. This core funding grant is for the implementation of the Institutes strategic plan.

Notes to Schedule of Expenditures of Federal Awards

Year ended September 30, 2012

#### NOTE A—BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes all federal grants to the Institute that had expenditure activity during the year ended September 30, 2012. This Schedule has been prepared on the accrual basis of accounting for expenditures in accordance with accounting principles generally accepted in the United States of America. Grant revenues and expenditures are recorded for financial reporting purposes when the Institute has met the qualifications for the respective grants. Grant revenues are equivalent to grant expenditures. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-profit Organizations Receiving Federal Awards.

#### NOTE B—SUBRECIPIENTS

Of the federal expenditures presented in this Schedule, the Institute provided federal awards to subrecipients in the following areas:

|  | 2012            |
|--|-----------------|
| U.S. Agency for International Development: Forestry Legality Alliance                                | \$<br>384,805   |
| U.S. Agency for International Development: Improved Governance & Sustainable Use of Forest Resources | 433,653         |
| U.S. Agency for International Development: Pass-through from ISC                                     | 10,000          |
| U.S. Agency for International Development: Pass-through from TNC                                     | 8,000           |
| U.S. Agency for International Development: The Brazilian Business                                    | ,               |
| and Ecosystem Services Partnership   | 45,667          |
| U.S. Department of Agriculture: Application, enhancement and   |                 |
| evaluation of NTT – Mississippi River Basin  | 40,395          |
| U.S. Department of Agriculture: Online Multi-state water quality trading platform                    | 52,039          |
| U.S. Environmental Protection Agency: Pass-through from Alliance for                                 |                 |
| Sustainable Energy   | 53,010          |
|  |                 |
| Total subrecipient payments  | \$<br>1,027,569 |

#### NOTE C—CATALOG OF FEDERAL DOMESTIC ASSISTANCE

Catalog of Federal Domestic Assistance (CFDA) numbers are not assigned to the U.S. Agency for International Development grants and contracts. However, because of their similarities, we have considered all such contracts as one program for determination in applying OMB Circular A-133.

### Report of Independent Certified Public Accountants on Internal Control over Financial Reporting and on Compliance and Other Matters

Audit • Tax • Advisory

F 703.848.9580

www GrantThornton com

Grant Thornton LLP 2010 Corporate Ridge, Suite 400 McLean, VA 22102-7838 T 703.847.7500

Board of Directors World Resources Institute and Subsidiary

We have audited the financial statements of World Resources Institute and Subsidiary (the "Institute") as of and for the year ended September 30, 2012, and have issued our report thereon dated February 4, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Institute's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control over financial reporting. Accordingly, we express no such opinion.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control would not necessarily identify all deficiencies in internal control over financial reporting that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in the Institute's internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Institute's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, Audit Committee, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Report of Independent Certified Public Accountants on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133

Board of Directors World Resources Institute and Subsidiary Audit • Tax • Advisory

Grant Thornton LLP 2010 Corporate Ridge, Suite 400 McLean, VA 22102-7838 T 703.847.7500 F 703.848.9580 www.GrantThornton.com

### Compliance

We have audited the compliance of World Resources Institute and Subsidiary (the "Institute") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on its major federal programs for the year ended September 30, 2012. The Institute's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs are the responsibility of the Institute's management. Our responsibility is to express an opinion on the Institute's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Institute's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Institute's compliance with those requirements.

In our opinion, the Institute complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2012.

### **Internal Control Over Compliance**

Management of the Institute is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Institute's internal control over compliance with requirements that could have a direct and material effect on a major federal program as a basis for designing audit procedures for the purpose of expressing an opinion on compliance, but not for the purpose of expressing an opinion of the effectiveness of the Institute's internal control over compliance. Accordingly, we express no such opinion.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in the Institute's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

This report is intended solely for the information and use of the Board of Directors, Audit Committee, management, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

Schedule of Findings and Questioned Costs

Year ended September 30, 2012

| Section I  | Summary of Auditor's Results |
|--|------------------------------|
| Financial Statements   |                              |
| 1. Type of auditor's report issued   | Unqualified                  |
| 2. Internal control over financial reporting   |                              |
| a. Material weaknesses identified?   | No                           |
| b. Significant deficiencies identified not considered to be material weaknesses?   | None reported                |
| c. Noncompliance material to the financial statements noted?   | No                           |
| Federal Awards   |                              |
| 1. Internal control over major programs:   |                              |
| a. Material weaknesses identified?   | No                           |
| <ul> <li>b. Significant deficiencies identified not considered<br/>to be material weaknesses?</li> </ul>                       | None reported                |
| 2. Type of auditor's report issued on compliance for major programs:   | Unqualified                  |
| 3. Any audit findings disclosed that are required to be reported in accordance with OMB Circular A-133, <i>Section 510(a)?</i> | No                           |
| 4. Identification of major program:  |                              |
| Federal Agency/Program Title USAID Foreign Assistance for Programs Overseas Environmental Quality Incentive Program            | <b>CFDA</b> 98.001 10.912    |
| 5. Dollar threshold used to distinguish between Type A and Type B programs:  | \$300,000                    |
| 6. Auditee qualified as a low-risk auditee under OMB Circular A-133, Section 530?  | Yes                          |

Note to Schedule of Indirect Cost and Fringe Benefit Rate Calculations

Year ended September 30, 2012

#### NOTE A—BASIS OF ACCOUNTING

The calculation of allocation rates is prepared in accordance with the methodologies used by the Institute in negotiating its indirect facility cost, fringe benefit, and general and administrative cost rates with its oversight agency, the U.S. Agency for International Development. Revenue is recorded using provisional approved rates. The difference between actual and provisional rates is not material to the financial statements as a whole.

Facility Cost Rate—represents total indirect costs less unallowable costs as a percentage of total direct costs, which includes fringe benefit costs, less all charges representing costs incurred pursuant to subcontract or subgrant agreements and unallowable costs.

Fringe Benefit Rate—represents the cost of total fringe benefit expenses as a percentage of total salary and wage charges that result in related fringe benefit expenses. Fringe benefit costs are included as a direct cost in the calculation of both the overhead, and the general and administrative cost rates.

General and Administrative Rate—represents all general and administrative expenses as a percentage of direct costs incurred, less charges representing costs incurred pursuant to subcontract or subgrant agreements.

Subgrant Pool Rate-represents subgrant-related salaries as a percentage of total subgrant costs.
