

Memorandum of Understanding
Between
ASHRAE - American Society of Heating, Refrigerating, and Air-Conditioning Engineers,
KGH - The Serbian Society for Heating, Refrigeration and Air-Conditioning,
FTN - Faculty of Technical Science, University of Novi Sad, Serbia
And
UNS-ASHRAE-SB - University of Novi Sad ASHRAE Student Branch - Serbia

ASHRAE - American Society of Heating, Refrigerating, and Air-Conditioning Engineers, KGH - The Serbian Society for Heating, Refrigeration and Air-Conditioning, FTN - Faculty of Technical Science, University of Novi Sad, Serbia and UNS-ASHRAE-SB - University of Novi Sad ASHRAE Student Branch - Serbia believe that mutual benefits can be derived by bridging this four institution/organizations, achieving a closer relationship by linking their scholars and personnel. Institutions/organizations share the strong conviction that mutual understanding among people can be promoted through the establishment of academic and professional links.

Article I: Principles of Collaboration

Institutions/organizations have agreed to develop their academic and professional links under the principles of mutual understanding, mutual benefits, common interests, and mutually complementary activities.

Article II: Objectives of Collaboration

- (1) to promote individual contacts among scholars and personnel;
- (2) to provide opportunities for staff and exchange in order to promote links in teaching and research activities;
- (3) to provide opportunities for student exchange in order to promote undergraduate as well as postgraduate learning and practices;
- (4) to develop and to encourage joint researches, seminars, international conferences, workshops, with efforts in obtaining funding from external sources;
- (5) to develop exchange of knowledge through reciprocating exchanges of journals, e-journals, academic materials, resources, and services;
- (6) to develop collaborative postgraduate distance learning programs;
- (7) to develop academic staff development programs;
- (8) to encourage any other activities that institutions/organizations agree to be of mutual interest and benefit.

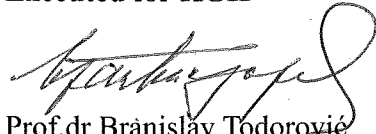

Article III

Annexes and amendments to this Memorandum shall be by all parties in writing. This Memorandum has been made in 4 (four) equal copies in English, one for each party.

Article IV

Each institution may terminate this Memorandum, with or without explanation by giving a written notice to the other institution 6 (six) months in advance. A serious violation of the contract by one party gives the other party the right to terminate it.
