- ♦ **BSR/ASHRAE Addendum cs to ANSI/ASHRAE Standard 135-2020, BACnet - *A Data Communication Protocol for Building Automation and Control Networks* (Second Public Review Draft)**

With the addition of the BACnet/SC data link, an interoperable, out-of-band method to exchange Certificate Signing Request (CSR) files and the resulting Operational and Issuer certificate files between a device, or its proxy, and a Certificate Authority are required.
