PUBLIC REVIEW—COMMENTS

Constructive comments are invited for the following Public Review Drafts, which can be accessed on ASHRAE's website at <https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts>. All activity for reviewing and commenting on public review drafts can be accomplished completely online. To obtain a paper copy of any Public Review Draft contact ASHRAE, Inc. Attn: Standards Public Review, 180 Technology Parkway, Peachtree Corners, GA 30092, or via email at: standards.section@ashrae.org.

Note: Paper copies are available for \$35.00/copy if 100 pages or less and \$45.00 if over 100 pages.

**45-day Public Review from
March 22, 2024 to May 6, 2024**

- ♦ **Advisory Public Review Draft of BSR/ASHRAE Standard 223P, *Semantic Data Model for Analytics and Automation Applications in Buildings***

The purpose of Standard 223-202x is to define formal knowledge concepts and a methodology to apply them to create interoperable, machine-readable semantic frameworks for representing building automation and control data and other building system information.

- ♦ **First Public Review Draft of BSR/ASHRAE Standard 232P, *Common Content and Specifications for Building Data Schemas***

The purpose of ASHRAE Standard 232-202x is to define metaschemas (such as data types, data elements, naming conventions, and formats) to specify and validate other standard schemas for data exchange among building performance and HVAC&R software.
