September 10, 2021, to October 25, 2021**

- ♦ **1st Public Review of BSR/ASHRAE Standard 230P, *Commissioning Process for Existing Systems and Assemblies***

This proposed standard is an organized, quality-oriented process for planning, assessing, investigating, implementing, verifying, and documenting repair and adjustment activities for improving the performance of facilities, systems, and assemblies to meet defined operational requirements and criteria for the facility.

## CALL FOR MEMBERS

A *Call for Members* is announced for the following PCs. Persons who are interested in serving on these ASHRAE committees are asked to indicate their interest by completing the online membership application forms listed under Instructions for New Applicants at <https://www.ashrae.org/pcmemberapp> or by contacting Connor Barbaree at: ASHRAE, 180 Technology Parkway, Peachtree Corners, GA 30092; phone: 678-539-1138; fax: 678-539-2138; email [Standards.Section@ashrae.org](mailto:Standards.Section@ashrae.org).

- ♦ **SSPC 189.3, *Design, Construction and Operation of Sustainable High-Performance Health Care Facilities***

**PURPOSE:**

The purpose of this standard is to prescribe the procedures, methods and documentation requirements for the design, construction and operation of high performance sustainable health care facilities.

## CALL FOR MEMBERS

**SCOPE:**

- 2.1 This standard applies to patient care areas and related support areas within health care facilities, including hospitals, nursing facilities, outpatient facilities, and their site.
- 2.2 This standard applies to new buildings, additions to existing buildings, and those alterations to existing buildings that are identified within the standard.
- 2.3 This standard provides procedures for the integration of sustainable principles into the health care facility design, construction and operation process including:
  1. integrated design
  2. conservation of water
  3. conservation of energy
  4. indoor environmental quality
  5. construction practices
  6. commissioning
  7. operations and maintenance

*Note: Applications are being sought for the following interest categories:*

**User:** users of buildings and building systems and subsystems. A person in this category would make their living from owning or operating buildings. Example members of this category would be building owners and operators (private and governmental), tenants, and trade associations or organizations representing these groups.

**General:** a member who cannot be categorized in any other approved interest category covered in the project scope.

**Industry:** construction firms or manufacturers, producers, or distributors of products or systems that would be installed in buildings. A person in this category would make their living from constructing buildings or producing or distributing products impacted by this standard or representing groups of manufacturers impacted by this standard. Example members of this category would be contractors, manufacturing firms, assembly firms, distributors and wholesalers, and industry trade associations that represent these groups.
