

GUIDE TO SERVICES

For Older Delawareans and Persons with Disabilities

*A publication of the Division of Services for Aging
and Adults with Physical Disabilities*

800-223-9074 • www.DelawareADRC.com

Updated April 2024

The Division of Services for Aging and Adults with Physical Disabilities (DSAAPD) produces this guide as a community resource. The printing of resources does not signify an endorsement of the resource.

How to Use this Guide

The *Guide to Services for Older Delawareans and Persons with Disabilities* contains a wealth of information about services and programs around our state.

The guide is organized into numerous sections, each of which provides information on a specific subject, such as a type of service or program. Most sections contain a short description of the service and a list of service providers along with their contact information. The sections are presented in alphabetical order, starting with *Accessibility* and ending with *Volunteerism* followed by a list of libraries and State Service Centers locations. A full list of subjects may be found in the **Table of Contents**.

To find information about a specific service provider or resource, such as a senior center or a home care agency, please look in the **Index** at the end of the guide. The index lists the organizations and resources included in the guide and the page number(s) where you can find information about them.

The *Guide to Services* is available in print format and on the web. The web version is formatted for easy navigation. An advantage of the web version is that you can adjust the size of the print to suit your needs. To access the web version of the guide, visit www.dhss.delaware.gov/dsaapd.

You can also visit the Delaware Aging and Disabilities Resource Center (ADRC) website at www.DelawareADRC.com to get a copy of the guide and use the **Service Search** feature of the site to learn about services in your county.

Please let us know if you have any suggestions, additions or corrections for the *Guide to Services*. Please call the ADRC at (800) 223-9074 or email DelawareADRC@delaware.gov with your input.

Caregiving Resources

What is Caregiving? A **caregiver** is ANYONE who provides any help with activities of daily living or companionship to a person with some type of physical or mental disability or any type of illness.

A **caregiver** does NOT have to live with the person. That person could be a family member, neighbor or anyone that helps provide care to someone.

Care could mean helping with shopping, cooking, cleaning or any type of personal care. It could also mean watching a movie, playing a game or reading a book to someone.

Respite Resources: **What is Respite?** Respite is **short-term relief** for a caregiver.

Respite is support for the caregiver. Caregiving is very demanding physically, mentally and emotionally. That is why respite is available as a resource in order for the caregiver to take advantage of a break from the stress of caregiving.

Adult Day Care

Most adult day care programs provide the following services:

- Food service
- Medical care (emergency treatment)
- Nursing care (monitoring conditions, administering medications)
- Recreational activities
- Social work services (counseling, linkage with other services)
- Support groups
- Therapy (physical, speech, occupational, reality orientation)
- Transportation

Go to www.nadsa.org or call

(877) 745-1440 for a site visit checklist to use when you visit adult day care programs.

Financial assistance for respite services:

Contact the Delaware Lifespan Respite Care Network at **(302) 221-2087** or **(800) 677-3800** or www.delrespice.com for possible respite options and financial assistance. The Network will assist you in identifying various respite options that might work for you and offers respite vouchers for up to \$500 annually for eligible families and up to \$250 annually for grandparents raising others' children.

Alzheimer's Respite Care Financial Assistance Program

This program offers financial assistance grants to caregivers to provide respite care for diagnosed persons with Alzheimer's. Eligibility is determined by need and financial criteria.

Food Supplement Program

Food Supplement Program is a program that enables low-income families to buy a variety of food that is the basis for better nutrition. Benefits are issued electronically to the family's Delaware Food First card each month. The Food First Card is similar to a bank debit card. The Food Supplement Program recipient uses this card at local grocery stores to buy food.

Eligibility

Eligibility for this service is based on factors such as who lives and eats together and your income. You must be a U.S. Citizen or an eligible alien to qualify. Individuals who receive TANF, GA or Supplemental Security Income (SSI) do not need to meet an income test in order to receive food benefits. The maximum gross monthly income limit for most other individuals is set at 200% of the Federal Poverty Level (FPL). There is no resource test.

Grandparents and Relative Caregivers Raising Others' Children

If you are a grandparent or another relative raising other's children, this section will be of help to you. You have special caregiving needs and this section will give you insights on such things as benefits, housing needs, temporary assistance, financial help, mental health and many other areas are covered within this topic.

State Services for Grandparents and Relative Caregivers Raising Others' Children

The following support services are available to grandparents and relative caregivers if they

meet eligibility requirements.

Child Care (Also known as Purchase of Care)

The purpose of the Division of Social Services Purchase of Care childcare program is to provide support to families who need childcare but who cannot pay for all or part of the cost. This service is available to parents, grandparents or other related adults responsible for the child's care. You may get help with day care if you are working full-time or part-time and your income is low enough. If eligible, you will choose among the licensed childcare centers and childcare family or group homes that accept Purchase of Care reimbursement rates. You may also create your own self-arranged childcare, with the help of your social worker. For more information or to apply, contact a Division of Social Services office.

Child Support

The Delaware Division of Child Support Services is the state agency that helps custodial parents and caregivers to establish paternity and obtain child support from obligated parents. Services are free to those parents and caregivers who receive Temporary Aid to Needy Families

(TANF) or Medicaid. For more information call:
New Castle County (302) 577-7171
Kent County (302) 739-8299
Sussex County (302) 856-5386.
www.dhss.delaware.gov/dcse

Delaware Healthy Children Program

This is a health insurance program for children.

If you have not been able to afford medical insurance for your child and do not qualify for Medicaid, you may purchase very low cost medical insurance through the state of Delaware. For more information or to apply, please contact your local Division of Social Services office or call **(800) 996-9969**.

The Delaware State Housing Authority (DSHA)

Community Relations staff can provide you with a list of affordable housing in your area. They will also provide referral information for many services including assistance for one-time rental help, security deposit help or help with energy bills. Call the Delaware State Housing Authority's Community Relations staff located in Dover at **(888) 363- 8808**, or visit their website at www.destatehousing.com or call the Delaware Helpline at 211 or **(800) 464-4357**. DSHA also has Section 8 Housing Choice Vouchers as well as other affordable rental and homeownership programs.

Grandparents and Relative Caregivers Raising Others' Children

General Assistance (GA)

General Assistance (GA) is cash payment that can be used for an unemployable adult, or used for people caring for unrelated children. Only assets and income of the child are considered when you apply for GA. For more information or to apply, please contact a Division of Social Services office.

Help Paying Your Medicare Premium

Low-income Medicare beneficiaries may be eligible for help with paying all or some of their Medicare premium and, in some cases, payment of Medicare co-insurance and deductibles.

For more information or to apply, contact a Division of Medicaid and Medical Assistance office.

Kinship Care Program

The purpose of the Kinship Care Program is to assist caregivers during the 180-day transition period when a child initially moves into the nonparent caregiver's home. The program assists caregivers in meeting the child's immediate need for clothing, shelter, health and educational supplies. For more information, contact the Delaware Helpline at 211 or **(800) 464-4357** or a State Service Center. The Delaware General Assembly provides funding for the Kinship Care Program, and it is limited to available state funds.

Medicaid

Medicaid is medical insurance that pays for doctors' visits (including well-child visits), in-patient and out-patient hospital services, lab tests, behavioral health services, prescription medicines, eye exams, glasses, dental care for children and over-the-counter medicines prescribed by your doctor. Eligibility for

Medicaid is determined by income. Almost any child whose parent is not in the home and who has little or no income of his or her own can get Medicaid health insurance coverage. Low-income children can get Medicaid even if they cannot get Temporary Aid for Needy Families (TANF) or the Supplemental Nutrition Assistance Program (SNAP).

If you or the child is eligible, Medicaid may begin immediately. For more information or to apply, contact your local Division of Social Services office.

Mental Health Services for Children

Behavioral health services (substance abuse and mental health treatment) are available for all children in Delaware. Private insurance and Medicaid providers can be located by calling the number on the insurance card. The Division of Prevention and Behavioral Health Services (DPBHS) can serve uninsured children or those needing more than 30 units of outpatient services from Medicaid.

DPBHS provides a range of mental health and substance abuse treatment programs statewide beyond outpatient services, including a 24-hour crisis service. Call **(302) 633-2600**.

All DPBHS referrals are voluntary and require parents or guardians to provide written consent. The Caregivers' Medical Authorization Law allows primary caretakers to provide this consent when a parent is unavailable. For further information, contact DPBHS at **(302) 633-2600**.

Public Housing

Public housing in Delaware is provided by several different agencies, operating with different regulations. The waiting period for housing varies greatly from one agency to the other. You will need to meet income eligibility requirements. You may also be required to have custody of the child you are raising, even if he or she is a relative.

Supplemental Nutrition Assistance Program (SNAP)

The Supplemental Nutrition Assistance Program (SNAP) helps single people and families with little or no income purchase food they need for good health. A SNAP household consists of people who live together and buy food and prepare meals together. Spouses and children under the age of 22 who live with their parents must be included in the SNAP household. The income of all household members counts towards the SNAP income limits and determines how much assistance they get. You may be eligible for the SNAP program even if you cannot get assistance from other programs. For more information or to apply, please contact a Division of Social Services office.

Temporary Assistance for Needy Families (TANF)

Temporary Aid for Needy Families (TANF) is one of Delaware's cash assistance programs. You can apply for TANF in three different ways: 1) for yourself; 2) for yourself and the child you are raising; or 3) for the child only. You do not have to have custody or guardianship of the child, but you must be related to him or her. If you are applying for a child-only TANF grant, only assets and income of the child are considered. For more information or to apply, please contact a Division of Social Services office.

In Home Services

In the event that you have just returned from the hospital, have a loved one in a long-term care facility, recovering from an illness or might need rehabilitation from a surgery, in-home services may be of help. This section will help you find different agencies that provide services. Hospice resources are also found in this section should you need to assist a loved one through their last stages of life with comfort and dignity.

If you have a complaint regarding the care you receive from a licensed home health care, personal assistance services or hospice agency, or you would like to review the licensing requirements, please call the Office of Health Facilities Licensing and Certification at (800) 942-7373.

Feeling At Home With Home Care: Choosing The Right Provider

Home care is a viable alternative to institutional care for many persons. Several types of home care are available in Delaware, ranging from skilled home health to personal care services.

The first step in considering home care is to discuss the care recipient's needs with his or her physician, hospital discharge planner or case manager. Ask them for a list of licensed home care agencies, also available from the Delaware Division of Health Care Quality at (302) 421-7400.

The following should also be considered when choosing a home care agency:

- Does the agency provide the services your loved one needs?
- Does the agency provide continuity of care? (Will the same professional caregiver or team be involved during the time that care is provided?)
- Are the care recipients and family caregivers included when the agency develops or changes the care plan?
- Is someone from the agency available to answer questions after hours or in an emergency?
- Does the provider have a good reputation and positive track record? (Ask for a list of references from local physicians, health care professionals,

discharge planners or others.)

- How long has the agency been in business?
- What type of license(s) does the agency hold? Does the agency accept Medicare, Medicaid or other public third-party payers?

Personal Emergency Response Systems (PERS)

What is ERS or PERS? Personal Emergency Response System

Who might need a PERS/ERS? There is no perfect picture of someone who may need this, as each person is different and may have different needs. It could be someone who lives alone and is worried about a health emergency when there is no one around or person at risk for falling.

What types are there? There can be home based, mobile, monitored, call routing, response centers, cybersecurity---there are many possibilities and that's what makes it flexible for the needs of the individual. It can be worn, waterproof and connectible with family.

The following companies offer installation and monitoring of PERS systems in your home or apartment. There is a onetime cost for installation and monthly costs to maintain the system. By pressing a button on a device worn on your wrist or around your neck, you can signal that you need emergency help and/or assistance from previously identified family members, neighbors or your local 911-response team. Call these companies for more specific information, including costs.

QUESTIONS TO ASK WHEN CONSIDERING A PERSONAL EMERGENCY RESPONSE SYSTEM

1. What is the response time when you push the button for help?
2. Is there a setup fee?
3. Is customer support available?
4. Is the staff at the response center trained?
5. Does someone monitor the battery life in the device?
6. Is the system a wristband, pendant or other device?
7. Is there a way to try out the system before you commit to the service?
8. Can you get out of a service contract if the person moves out of the service area or dies?
9. Are there any additional costs?
10. Are there any specials I should be aware of?

Vial of Life Kit

New Castle County residents only call **(302) 395-8184** for your home kit from the New Castle County Emergency Medical Services Division.

The Vial of Life program is for those who have a chronic illness or take medications on a daily basis. A form is provided on which the participant can list their medical history, medications, significant allergies plus medical service providers. The form is placed in a small

medication – sized container labeled Vial of Life and is stored in the refrigerator. A magnetic card is provided to attach to the outside of the refrigerator to indicate that the vial is inside. Although the vial does not require refrigeration, this location has been chosen as it is a nearly universal appliance within the home. Emergency responders can access the vial for critical information when the patient cannot speak for themselves.

Office of the Public Guardian

In cases where persons appear incapable of managing themselves or their property, this office can provide a legal guardian to assume that responsibility. This would normally occur when an individual is without friends or family or the individual's friends or family are not willing to assume guardianship. A court hearing must occur in order to determine the individual's incapacity and to establish the absence of willing private guardians. Once appointed, the guardian, under the direction of the Court, takes full responsibility for the management of their person, his/her property or both.

Senior Centers

Why go to a Senior Center? Senior Centers can be great resources for information and activities for seniors. At a senior center, you go on trips, meet up with friends and participate in various classes or a group meal. Caregivers can also find great resources here. Support Groups

Support groups can help you cope with a difficult time. Support groups can provide an environment for caregivers, family members and loved ones. They are a place that people can come together to tell their story, hear other people's stories and be able to learn about community resources. There are a number of groups listed in this section, although this is NOT a complete list. You could also seek out hospitals and their programs, hospices, churches, funeral homes and senior centers to see if they have groups.
