Passengers: 4

Flight:

Flight rules: Instrument flight rules (IFR)
Type of operation:
Point of departure: Quaqaq Airport (CYHA), Quebec, Canada
Point of landing: Kangirsuk Airport (CYAS), Quebec, Canada

Damage:

Crew: None
Passengers: None
Thirds: None
Aircraft: Seriously damaged
Ground: None

Short description: C-FYMN, a Chrono Aviation incorporation Pilatus PC-12/47 was operating as NDL987 under instrument flight rules from Quaqaq Airport (CYHA), Québec, Canada to Kangirsuk Airport (CYAS), Québec, Canada. During landing in a crosswind (reported winds of 280 true at 26 knots with gusts to 36 knots), the crew selected reverse thrust but nothing happened. Approximately 5 seconds later, as the pilot was about to apply power for a go around, the reverse thrust activated at maximum. The crew lost control and the plane veered sideways from the runway at approximately 20 knots and came to rest in the snow. There were no injuries. The plane suffered damage.

Remarks: The Transportation Safety Board of Canada has opened an investigation. (<https://www.tsb.gc.ca>)
